

100 CONGREGATIONS FOR MILLION HEARTS®

Faith-Based Campaign to Raise Awareness About and Prevent Cardiovascular Disease

Does your congregation or faith-based organization have a desire to live a heart-healthy life? Join 100 Congregations for Million Hearts®! This faith-based program is designed to help guide your members toward a heart-healthy lifestyle by combatting two of the leading causes of death in the United States: heart disease and stroke.

The goal of 100 Congregations is to enlist the support of faith-based organizations to help raise awareness about risks for heart disease and stroke and educate individuals about prevention, including a focus on high blood pressure control. Congregations designate one member to serve as a Million Hearts® advocate and resource for heart health information.
